### **Saudi judge considers severing spine of attacker who paralyzed man**

04:09 PM

In a variation of the ancient eye-for-an-eye punishment, a judge in Saudi Arabia has asked hospitals whether doctors would sever the spinal cord of an attacker convicted of paralyzing a man with a cleaver.

The Arabic-language newspaper *Okaz* reported that one hospital in the northwestern province of Tabuk said it could perform the operation, while a prominent hospital in Riyadh refused, on apparent ethical grounds, saying "inflicting such harm is not possible."

Abdul-Aziz al-Mutairi, 22, was left paralyzed and subsequently lost a foot after a fight more than two years ago, his older brother, Khaled al-Mutairi, [told the Associated Press](#). He said the assailant, whom he and the paper did not identify, was sentenced to 14 months in prison, released after seven months in an amnesty and now teaches at a university.

Under Islamic ([sharia](#)) law in Saudi Arabia, victims can ask that criminals receive punishments similar to the harm they inflicted. It is not uncommon for thieves to have their hands cut off.

"We are asking for our legal right under Islamic law," Khaled al-Mutairi said. "There is no better word than God's word — an eye for an eye."

Judge Saoud bin Suleiman al-Youssef sent letters to several hospitals in and outside the region, [Emirates 24/7 says](#). A verdict is pending.

## Stoning in Somalia

[Islamic sharia in the raw: Somali man stoned to death for adultery and another shot dead for murder..](#)

**HOW 'JUSTICE' WILL BE DONE IN EUROPE  
ONCE ISLAM REACHES CRITICAL MASS**

Sharia buries people up to their chests and then bashes their skulls in with rocks. That's what awaits Europe in the future if it allows Muslim immigration to reach critical mass. With the rise of their numbers, no matter how diverse the ethnicity of these Muslim immigrant groups, political Islam will have a voice and be a factor in Europe, more than people dare to think. If nothing is done to counter the flow, then Islam's political empowerment is assured. Europe meet your future. **KGS**

Daily Mail: This barbaric scene belongs in the Dark Ages, but pictures emerged today of a group of Islamic militants who forced villagers to watch as they stoned a man to death for adultery. Mohamed Abukar Ibrahim, a 48-year-old, was buried in a hole up to his chest and pelted with rocks until he died. The group responsible, Hizbul Islam, also shot dead a man they claimed was a murderer.

But the verdict was so shocking that it prompted a gun battle between rivals within the group that left three militants dead, witnesses said. The executions took place yesterday in Afgoye, some 20 miles south-west of the capital of Mogadishu. Hizbul Islam fighters ordered hundreds of residents to a field, where a rebel judge announced that the two men had confessed to murder and adultery.

A woman who had confessed to fornication had been sentenced to 100 lashes, he added. 'This is their day of justice,' the judge, Osman Siidow Hasan, told the crowd. 'We investigated and they confessed.' But when some

Hizbul Islam fighters wanted to delay the executions, a bloody gun battle broke out between the two factions, shocked residents said.

Three Hizbul Islam fighters died and five others were injured after they fought each other," Halima Osman, an Afgoye shopkeeper, told Reuters in Mogadishu by telephone. 'Some wanted to delay the execution while the others insisted. They exchanged fire. The group that was against the execution was overpowered and chased away,' she said.

Once the gun battle was over, the militants coldly carried out the verdicts. A relative of the murder victim shot the first as he lay on the floor. 'I could not watch,' local man Ali Gabow told Reuters. 'The lady who had been with the second man was only given 100 lashes because she said she had never married.'

The executions were the first time that Hizbul Islam guerillas had dealt out the type of punishments usually associated with the more hardline al Shabaab rebel group in Somalia.

The U.S. claims that al Shabaab is al Qaeda's proxy in the failed Horn of Africa state. That rival Islamic groups are beginning to align their practices with al Shabaab is a chilling twist in the already frightening militancy that is gripping the country. President Sheikh Sharif Ahmed's Western-backed government controls just a few strategic sites in Mogadishu.

Western security experts say the country has become a safe haven for militants, including foreign jihadists, who are using it to plot attacks across the impoverished region and beyond. There are some fears that Somalia could become the new pre-9/11 Afghanistan. Al Shabaab, and to a lesser extent Hizbul Islam, are fighting the government to impose their harsh interpretation of Islamic Sharia law across the drought-ravaged country. Al Shabaab clerics have banned movies, dancing at weddings and playing or watching soccer in the areas under their control, as well as carrying out executions and amputations.

It's look like a more about movie spot. probably this people are performing in a television drama serial. In 1st & 2 nd photo victims has no fearful expression, rather normal and very co operative. Sansation of 3rd & 4th pictures also can be seen is dram serial screening in TV. Oftern newspapers reports ssuch incidents depicts very little truth.

Portrait as none of the witnessess & participants are human. If it were true newspapers were not be able to take any pics.

Hiwerver I would not believe the reported incident.
